PLANTS

J. J. BONNELL
NURSERYMAN
SEATTLE

LOCATION:.. Our office and salesground are located at 2600 East Galer on the Washington Boulevard, and can be reached by the Montlake car line leaving at the Post Office, and by automobile by following the Interlaken Boulevard. Growing department, 14 acres, Kirkland, Wash.

PLANTS OFFERED in this price list are all grown under our personal supervision and may be considered the very best that money can buy.

OUR STOCK is carefully transplanted several times before it is offered for sale and has the very best of root system, insuring full success in transplanting. Digging and packing is done by experienced help and is as well done as modern methods will permit.

PLANTING—Ornamentals, deciduous trees, shrubs, evergreens, etc., may be set out at any time in the fall after rainy season commences and continued through the winter and spring until about May 1st.

But when possible, transplant in the fall. It is much easier for the plants to take hold of the new soil, and stock thus transplanted will be more vigorous and much easier to take care of the first year.

CARE IN PLANTING—Dig the soil about 2 feet deep; if any sod or leaves are at hand, use a good layer of them at the bottom of the hole; firm the soil around the roots when planting; water plants thoroughly after planting.

If manure or commercial fertilizer is used, incorporate same with soil; we much prefer use of manure or commercial fertilizer on top of the soil around the tree and let the rain wash same into the soil during the winter.

The tree should be placed in the hole with the roots spread out in their natural position. Work a little fine soil between the roots. Examine roots of trees and plants carefully before planting and remove all broken or bruised roots.

Shape the top of the tree by pruning, so as to make a good foundation for a well-shaped tree.

EVERGREEN TREES do not require trimming, but in the event they are getting too large for the space where they are planted, they can be trimmed same as any other plants. The best time to do it is in the spring, from middle of March to June 1st. Keep them well watered after trimming and if the soil is poor, give them a good mulching.

TERMS OF SALE

TERMS—CASH.

PRICES are understood net at the Nurrsery.

DELIVERY—If given reasonable time we will deliver free of charge within the City limits, or the immediate vicinity. Special delivery will be charged at cost. Orders from out of town customers will be delivered free of charge to the railroad or steamer.

PACKING—All orders which have to be packed in bundles or boxes will be charged for the cost of the material used, not to exceed 10 per cent of the value of the order.

INSPECTION—Our Nurseries are regularly inspected twice a year by the Federal and the State authorities. Our stock is therefore free from any insects or diseases.

ETHICS—Our aim is to promote the Horticultural industries to conform to sound business methods, to render honest service and to guarantee a square deal to customer, competition and supplier.

GUARANTEE—Our stock is guaranteed to be healthy, true to name and of size and quality represented. Should errors occur, we agree upon receipt of proper proof to replace the same or else refund the money received for them; but we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof and the goods must be returned to us at once.

CLAIMS—For any cause will receive consideration only when made within six days after arrival of goods at destination.

REMEMBER a tree, shrub or plant is a living organism, and is liable to attack of diseases and insects. At prices we sell, it is impossible for us to guarantee growth or to be responsible for stock after delivery in good condition is made.

MISTAKES—Like all human beings, we are apt to make mistakes, and if an error occurs, we will consider it a favor to be notified at once so that we can rectify the oversight.

If you have a complaint, tell us first. In the rush of Spring business, mistakes may happen, but if so, tell us pleasantly about it and be assured of courteous treatment.

APPRECIATION—We extend to all our customers our thanks for their patronage and wish to express our appreciation to those who have so kindly mentioned our firm to their friends.

Our aim is to give everyone a square deal, and we hope those who have not yet purchased of us will at least favor us with a trial order.

IMPORTANT

Prices herein listed are for good, healthy, medium sized stock. In almost any varieties we have larger and smaller sizes than the ones listed and prices for same will be made accordingly.

J. J. BONNELL.

List of German Iris

	Each

Rhus Tpyhina Laciniata (Cut-leaf Sumac), A handsome form with picturesque, deeply cut leaflets; the leaves assume a gorgeous crimson color in the Autumn.....$1.00 to 4.00

Robinia Hispidia (Moss Locust), Beautiful shell-pink flowers. A small shrub of irregular growth, branches resemble those of Moss roses on account of the many tiny thorns which cover them; very beautiful..... 1.50

Spirea, All the spireas are extravagant bloomers and there are many varieties of growth and blossom. Medium-sized shrubs having very small flowers borne in compact clusters of different forms. Do well in any ordinary good garden soil.

Spirea Canescens Myrtifolia, Dense habit of growth, has white flowers..... 1.00

Spirea Japonica or Astilbe Japonica, Pink-flowering .....50c to 1.00

Spirea Prunifolia (Plum-leaved Spirea), Blooms early, double white..... .50

Spirea Thunbergii (Bridal Veil), Pure white flowers coming in early spring. Foliage yellowish green, turning to red and orange in the fall ..... .50

Spirea Van Houttei (Bridal Wreath), The great favorite. One of the very best of all shrubs; a fountain of pure white bloom. Attractive-ornamented the year round. Very beautiful and extremely hardy..... .50

Spirea Anthony Waterer, Dwarf ,bushy, spreading type, large corymbs brilliantly colored in rosy crimson. Very free flowering. Blooms about midsummer ..... .50

Symphoricarpos (Snowberry), A native shrub that is especially attractive in the fall and winter when covered with berries.

Symphoricarpos Ovatus, Large-fruited snowberry .75

Symphoricarpos Racemosus (Eastern Snowberry), Bears small, pink, flowers and showy clusters of very large, clear white berries at the ends of the branches..... .50

Symphoricarpos Vulgaris (Indian Currant or Red Snowberry or Coral Berry), Habit similar to others but more compact. Loaded during fall and winter with a profuse crop of dark red, small berries in dense clusters..... .50

Syringa (Lilac), Well-known shrubs that bloom in the spring. Should be pruned immediately after blooming.

Syringa Charles X—Double, lilac color..... 1.00

Syringa La Tour Avergne..... 1.00

Syringa Madame Lemoine, Double white..... 1.00

On all varities listed we have smaller and larger sizes at prices accordingly.

Syringa Marie Legraye, Single white 1.00
Syringa Vulgaris (Common Purple Lilac) ..... .50
Syringa Vulgaris Alba (Common White Lilac) .... .50
Syringa Wilsonii, New 1.00
Tamarix Aestivalis, Tall shrubs, branches purple, leaves narrow, large panicles of pink flowers in the spring ..... .50
Tamarix Africana (African Tamarisk), A graceful willowy shrub with the feathery foliage characteristic of the genus ..... .50
Tamarix Kashigarica, New 1.50
Viburnum (Snowball), There are but few deciduous shrubs that will thrive with less care than the Viburnums. They are attractive as specimen plants and for grouping. Hardy, quick-growing and free from insect pests.
Viburnum Opulus (High Bush Cranberry), Tall shrub, upright spreading branches, flat flower heads that are followed by showy red fruit ..... 50c to 1.50
Viburnum Opulus Sterilis (Common Snowball or Guelder Rose), Old fashioned snowball that grows anywhere ..... 75c to 1.50
Viburnum Plicatum (Japanese Snowball), Great balls of white against background of deep green leaves. Flower heads rather smaller, but borne more profusely. Makes a more compact shrub than the common variety 1.00
Viburnum Propinqium ..... .50
Viburnum Rhyncophyllium, Beautiful red berried variety, evergreen leaf, white underneath ..... 50c to 6.00
Vitex Agnus, Castus Chusti Tree 1.00
Weigelia Diervilla, Excellent shrubs from Japan; bear quantities of bright trumpet-shaped flowers. Quickly grow to an ultimate height of about 6 feet.
Weigelia Candida, White ..... 50c to 1.50
Weigelia Rosea, Pink, one of the most popular of all Weigelias; a tall growing, vigorous sort with deep pink flowers in the greatest abundance ..... 50c to 1.50
Weigelia, Red ..... 50c to 1.50

Vines and Climbing Plants

Akebia Quinata (Five-leafed Akebia), A fastly growing vine from Japan which bears clusters of purple flowers $1.00
Ampelopsis Engelmanuii, Similar to A. Quinquifolia, but of more dense growth and has smaller leaves. It clings to all surfaces without support 1.00
Ampelopsis Henryana, New 1.00
Ampelopsis Quinquifolia (Woodbine or Virginia Creeper), Popular variety; large leaves; requires a trellis for climbing ..... .50
Ampelopsis Sempervirens (Evergreen Boston Ivy) 1.00
Ampelopsis Veitchii (Boston Ivy), One of the best hardy climbers; clings with great tenacity to walls without trellis; a mass of light green in summer and a glory of bright scarlet in the fall ..... 50c to 1.00

On all varities listed we have smaller and larger sizes at prices accordingly.

Aristolochia Sempervirens (Evergreen Dutchman's Pipe), New 1.25

Aristolochia Sipho (Dutchman's Pipe), Large light green leaves; curiously shaped green flowers 1.00

Clematis, Large flowering varieties; very desirable climbers; flowers large and showy, borne in profusion in midsummer.

Clematis Duchess of Edinburgh, Double white flowers 1.50

Clematis, Madame Edward Andre, Red blossoms 1.00

Clematis, Henryii, A Creamy-white flower 1.50

Clematis, Jackmanni, A beautiful velvety purple flower 1.50

Clematis, Graveolens, Yellow, small flowers, bloming late in panicles 1.00

Clematis, Montana Rubens, Pink, small flowers, blooms late, panicles 1.00

Clematis, Paniculata (Virginia Bower), A wealth of fragrant white flowers in September and October, in panicles 1.50

Clematis, Virginiana (American White Clematis) Blooms in great profusion in August ..... .50

Jasminum (Jasmine), Graceful, medium-sized vines that ought to be more generally used. Very fragrant flowers.

Jasminum Besianum (Red-flowering Jasmine), New. Quite in contrast to the older varities 1.00

Jasminum Officianalis, Bears white flowers ..... .75

Jasminum Primuloides, Yellow flowers 1.00

Jasminum Rubignosum, Vigorous grower 1.00

Lonicera (Honeysuckle), Strong, clean growers, well adapted to trellis work and beautiful when allowed to grow wild. Loved for their fragrance the world over. Sweet-scented or Common ..... .50

Lonicera, Halleana (Hall's Japanese Honeysuckle), Red flowers ..... .75

Lonicera, Japanese, Green and golden ..... .50

Lonicera Sempervirens (Scarlet Trumpet Vine), Trumpet-shaped flowers of bright scarlet ..... .50

Muelenbeckia Nana (Wire Vine), Extremely useful as a porch screen ..... .75

Periploeaca (Green or Silk Vine) ..... 75c to 1.25

Polygonum Baldschuanicum, A satisfactory vine that has masses of small white flowers in panicles, like Wisteria. Common name, Silver Fleecevine 1.00

Rubus Bambusarum (Evergreen Raspberry), A new evergreen climbing plant with dark leaves silver underneath 1.50

Tecoma Radicans (Trumpet Vine), A beautiful climber rich green foliage; large trumpet-shaped flowers in summer 1.00

Wisteria, The wisterias are well-known and much admired for their long pendulous clusters of fragrant flowers. They are rapid growers; the foliage is light green and the vine has a very graceful appearance.

Wisteria, Blue ..... $1.00 to 5.00

Wisteria, White 3.50

Wisteria, Pink 3.50

On all varities listed we have smaller and larger sizes at prices accordingly.

Broad Leaved Evergreens

Abelia Grandiflora, A low-growing shrub with small dark green leaves; free-flowering with tubular flowers, almost an inch long, white flushed lilac pink. Blooms profusely from June till fall $1.00

Aralia Seiboldi (Evergreen Fig Tree), A low-growing plant with bright palmate leaves. In this climate is evergreen except during the most severe winter. Variegated 1.00

Aralia Seiboldi, Green and silver leaved ..... .75

Aucuba Japonica, (Japanese Laurel), Green with large leathery leaves ..... .50

Aucuba Japonica, (Golden Dust Laurel), Golden spotted leaves; does best in shady places ..... 50c to 2.50

Azalea Hinodegiri (Japanese Red Azalea), Bright red,profuse bloomer in early spring ..... $1.50 to $5.00

Azalea Ledifolium (Japanese White Azalea) Large flowering variety pure white....$1.50 to 5.00

Berberis, See also Deciduous Shrubs.

Berberis Darwinii, Has small, rich green leaves, tiny fac-similes of English Holly. Rich green leaves, many of which turn bright red in fall, holding this color all winter. Flowers golden yellow, produced in profusion. Berries are blue. One of the very finest small evergreen shrubs ..... .75

Berberis Dulcis, Dwarf plant with blue berries; leaves turn purplish in the winter 1.00

Berberis Dulcis Nana, Very dwarf and compact; good for borders, boxes and rockeries, 25c to .50

Berberis Illicifolia (Holly-leaved Barberry), Large leaves resembling English Holly 2.50

Berberis Knighti, Large leaved variety 1.50

Berberis Stenophylia, Leaves small, long and narrow; dark green above, silvery beneath; spiny pointed. Branches long, slender and arching. Flowers deep golden yellow ..... .75

Berberis Thunbergii, See deciduous shrubs.

Berberis Wilsoniana, New form of Thunbergii; grows dwarf and compact; beautiful foliage in the fall 1.00

Brooms (Genista), Well-known shrubs that are admired for their profusion of bloom. (See Genista)

Buxus (Box), Very ornamental shrubs of dense but rather slow growth, with shining foliage. Excellent shrubs for hedge purposes, for lawn decoration or grouping. For tub culture and formal decorative work they are more extensively grown than any other class of plants. Thrive in a warm, dry climate as well as on the coast.

Buxus Angustifolia, The long-leaved variety of Boxwood ..... .50

Buxus Arborescens, Tall-growing boxwood ..... .25

Buxus Golden Leaf, Suitable for border or globes .50

Buxus Hoveyii, Best variety for trimming into different shapes ..... .25

Buxus Silver Leaf ..... .50

Buxus Suffruticosa (Border Box), For edging .... .15

On all varities listed we have smaller and larger sizes at prices accordingly.

Buxus, Globes, Pyramids, other shapes—Prices on application.

Camelia Japonica, Waxy blossoms in red, pink and white; glossy green leaves. Quite hardy in this climate, thriving in good soils either in sunlight or shade 4.50

Choisya Ternata (Mexican False Orange), Slow growing compact shrub bearing a profusion of white, very fragrant flowers in broad clusters. Light green leaves, divided into three leaflets; fragrant when crushed 1.50

Cotoneaster, One of the most popular families of shrubs; coming in various forms, creeping plants, dwarf bushes and tall shrubs. All varieties bear bright red berries that last well through the winter.

Cotoneaster Buxifolia, Box-leaved cotoneaster.... .75

Cotoneaster Franchetti, Silver leaves; orange berries 1.50

Cotoneaster Horizontalis, Low-growing shrub with horizontal branches; small leaves with bright red berries which stay on all winter. Very popular variety ..... .75

Cotoneaster Humifusa, New; low spreading habit 1.00

Cotoneaster Microphylla, Well-known creeping variety used in rockeries and on tops of retaining walls. Leaves tiny and evergreen..... .75

Cotoneaster Prostata, Low creeping variety..... 1.00

Cotoneaster Salicifolia, Has long narrow leaf and beautiful berries 1.00

Cotooneaster Simonsii, Upright in habit; shining leaves and bright red berries.....50c to 1.00

Cotoneaster Thymifolia (Thyme-leaved Cotoneaster ..... .75

Crateagus Pyracantha (Fire Bush), A low-growing Hawthorn with glossy green leaves; white flowers, followed by bright orange or scarlet berries which make it very attractive and striking. Effective for foundations or low walls, and rockeries.

Crateagus Pyracantha Angustifolia (Orange-berried Fire Bush)..... 1.50

Crateagus Pyracantha Crenulata, Has dark red berries 1.50

Crateagus Pyracantha Lelandi, Red berries..... 2.50

Cydonia Japonica (Japanese Quince), A thorny compact shrub; has showy dark pink flowers in the spring..... .75

Daphne Japonica, Waxy light green foliage; fragrant flowers in the spring..... 2.50

Erica (Heather), Low-growing shrubs. with tiny leaves and innumerable small tubular flowers. Resembles cedar.

Erica Blanda, Large white-flowered heather..... 1.50

Erica Codonoides Veitchii, Very fine foliage; pink flowers .....50c to 1.50

Erica King Edward, Finest variety for winter, but needs protection during coldest weather.... .75

Erica Mediterranean, Winter flowering varieties, one of the most popular Heathers. Forms a dense branched, perfectly globular shrub, with dark green leaves. Covered with tiny pink flowers in winter.....35c to 1.50

Erica Mediterranean Hybrids, Similar to above but creeping in habit of growth.....50c to 1.00

On all varities listed we have smaller and larger sizes at prices accordingly.

Erica Persoluto Alba, Fine leaved; white flowers ..... .50

Erica Persoluta Rosea, Fine leaved; pink flowers ..... .50

Erica President Carnot, Large flowers; needs protection ..... .75

Erica Stricta, Blooms in summer with red flowers ..... 50c to 1.50

Erica Vagans (Scotch Heather) 1.50

Erica Vagans Alba, Blooms in summer with white flowers ..... 50c to 1.50

Escallonia, South American shrubs with clean, glossy foliage. Flowers white, pink or red, rather small, but more or less clustered. Blooms all summer and as long as we have sunshine in the winter. Should be better known. Large shrub.

Escallonia Ingramii, Deep pink flowers 1.50

Escallonia Rubra, Red flowers. Compact and rather slow and dense in growth 1.50

Evonymus, A fine specimen plant for lawns; of moderate growth. Has very handsome lustrous foliage which varies considerably. Some varieties have showy red or orange berries.

Evonymus Alatus (Japanese Cork bark tree), Has beautiful red foliage in the fall ..... $1.00 to 3.50

Evonymus Carrierii, Large leaved variety of this attractive shrub; has orange berries ..... .75

Evonymus Europeaus (Spindle Tree), Covered in winter with red berries 1.50

Evonymus Japonica, Gold leaved variety ..... .50

Evonymus Japonica, Green leaved variety, 50c to 1.50

Evonymus Japonica, Silver leaved variety ..... .50

Evonymus Nanus, Very fine dwarf; useful for borders ..... .50

Evonymus Pulchellus, Very small; good for low border ..... 15c to .35

Evonymus Repens (Japanese Ivy), Green; creeping variety ..... .35

Evonymus Repens (Japanese Ivy), Variegated, creeping ..... .50

Fuchsia (Hardy Fuchsia), A hardy plant covered with flowers which resembles the house variety.

Fuchsia Corallina, Low creeping variety for banks and rockeries; red flowers ..... .50

Fuchsia Gracilis, Low growing variety ..... .50

Fuchsia Rocallina, Grows three to four feet high; is loaded all summer with flowers ..... .50

Genista (Broom), These ornamental and free-flowering shrubs succeed in most any soil or situation. Flowers large and pea-shaped, blooming profusely in spring and early summer, followed by small, rather insignificant pods. Erect stems with rounded or elongated leaves on the stems. A beautiful shrub.

Genista Alba (White Broom), Very free flowering .50

Genista Andreana (Red Broom), Flowers yellow, splashed with scarlet ..... .50

Genista Butterfly, Flowers have dark red centers .75

Genista Daisy Hill, Beautiful pink flowers 1.00

Genista Kewensis, Low growing variety; spreading or creeping habit; yellow flowers 1.00

Genista Spanish, Very fragrant yellow flowers; blooms all summer ..... .50

On all varities listed we have smaller and larger sizes at prices accordingly.

Genista Tinctoria, Dwarf and compact; blooms all summer; yellow flowers ..... .35

Genista Vulgaris, Well-known sort; yellow flowers ..... .35

Heather, (See Erica)

Holly (Ilex), The polished and spiny foliage of the hollies make them attractive, and the bright red berries, that remain on the trees all winter, add to their beauty. We have a very large assortment of Holly.

Holly, English, Green; 2 ft. high 1.00

Holly, English, Green; 3 to 4 ft. high 3.50

Holly, English, Berried; 3 ft. high 3.00

Holly, Dutch, Green, pyramidal 4 ft. high 4.00

Holly Variegated, Silver or golden, 2 ft. high 4.50

Hypericum, A large growing or creeping shrub that is valuable for planting on rockeries and on banks, where a plant for massing, that will hold the soil is desired. Has large yellow flowers all summer. Flowers from one-half to two inches in diameter.

Hypericum Aureum, Showy shrub of dense habit. Flowers bright yellow, one to two inches in diameter ..... .50

Hypericum Calycinum (St. John's Wort), Well-known variety. Will thrive in sun or in partial shade. Flowers large rich yellow from July till fall ..... 15c to .35

Hypericum Densiflorum, New ..... .75

Hypericum Galioides, New ..... .75

Hypericum Moserianum, Similar to H. Calycinum but more erect and shrubby; does best in partial shade. Valuable for borders. Blooms almost continuously ..... 20c to .50

Ilex (Holly), See Holly.

Kalmia Latifolia (Mountain Laurel or Calico Bush), One of the finest of the broad-leaved evergreens; shining foliage and dense clusters of delicate pink flowers 3.50

Laurel, English, Large shrubs with large shining leaves. We have stock in all sizes and shapes.

Laurel, English, 2 feet high 1.00

Laurel, English, Globes 3x3 feet 3.50

Laurel, English, Standards, 2 feet through 5.00

Laurel, Japanese, (See Aucuba).

Laurel, Mountain, (See Kalmia Latifolia).

Laurel, Portgual, 2 feet high 1.00

Laurel, Portgual, 5 feet high 5.00

Laurustinus (Winter Flowering Laurel), A large shrub; shining dark green; flowers white tinted pink; blooms in the winter and spring, 12-inch ..... .75

Lavender (Dwarf Blue or French), Very useful for bedding ..... 25c to .75

Lavender, English, Large bushy plant; long, stiff, greyish stems of fragrant lavender blossoms ..... 25c to .75

Ligustrum (Privet), Used for hedges; grows freely in any soil; is compact and regular in form and bears shearing to any extent. White flowers.

Ligustrum Elegantissima Aurea (Golden Privet), ... 50c to 2.50

On all varities listed we have smaller and larger sizes at prices accordingly.

Ligustrum Ovaliofolium (California Privet), 2 feet, per hundred 7.50
4 to 6 feet, each ..... .50

Ligustrum Regelianum (Regal Privet), A dense shrub with stiff twiggy horizontal spreading branches drooping at the ends, black berries; quite showy in fall ..... 50c to 2.50

We carry a large stock, ranging from 6 inches to 20 feet in height. For large sizes not listed, ask for special prices.

Abies Excelsa (Norway Spruce), A compact, symmetrical tree; the branches assuming a graceful, drooping habit with age. Cones very large. Foliage dark green. Extremely hardy and of rapid growth, 2 feet $1.00

Abies Excelsa Inverta (Weeping Norway Spruce), The tops are inverted and the branches droop gracefully. Growth is very irregular and picturesque 5.00

Abies Excelsa Parkwater, Pryamidal green and shaped like Lombardy Poplar 5.00

On all varieties listed we have smaller and larger sizes at prices accordingly.

Abies Pungens (Blue Spruce). Grafted, having a beautiful rich blue color. Forms a dense pyramidal specimen, with stiff pungent foliage and cluster cones 4.00

Abies Pungens Kosteriana (Koster's Blue Spruce). Fine variety of blue spruce with shorter leaves and more compact growth. Foliage extremely silvery 2.50

Araucaria Imbricata (Monkey Puzzle or Chile Pine). The branches are in tiers; sharp pointed dark green leaves; somewhat resembling a cactus; unlike any other tree 2.50

Arbor Vitae (Thuya). Hardy evergreens, thriving in a wide variety of soils and exposures. Inclined to be compact and of symmetrical shape. Branches usually flattened, with leaves overlapping like shingles. Cones very small.

Arbor Vitae Hoveyii, Globular shape and very bushy 3.00

Arbor Vitae Lobii, Golden yellow foliage; very effective. Attains height quite rapidly 2.50

Arbor Vitae Occidentalis (American Arbor Vitae). Sometimes known as "White Cedar." A very useful native tree, very hardy in any location. Stands trimming well. A good hedge plant 1.50

Arbor Vitae Orientalis (Chinese Arbor Vitae). Compact, bushy, small tree. Branchlets stand edgewise to the trunk. Foliage bright, pleasing green; bronzy during winter 1.00

Arbor Vitae Pyramidalis (Prymidal Arbor Vitae). Green; very symmetrical; hardy; especially desirable where formal effects are desired 1.00

Arbor Vitae Siberica, Pyramidal shape 2.50

Cedrus Atlantica Glauca (Blue Mt. Atlas Cedar or Blue Siberian Cedar). Upright growth; leaves of delicate steel blue; compact habit, with foliage entirely covering the branches 15.00

Cedrus Deodora (Himalaya Cedar). Pyramidal form; the lower limbs lie on the ground and all the upper ones droop gracefully. Foliage of young trees is decidedly blue. One of the most beautiful ornamental cedars 2.50

Cedrus Deodora Aurea (Golden Himalaya Cedar) 7.50

Cryptomeria Compacta Selaginelloides, Very rare dwarf variety 5.00

Cryptomeria Elegans, Very graceful, of dense habit of growth. Foliage turns bronze in winter 1.50

Cryptomeria Japonica (Japanese Red Wood). A very decorative plant as a lawn specimen. Fern-like, upward spreading branches; leading timber tree of Japan 2.50

Cupressus (Cypress). Extremely graceful trees that thrive in all rich, well-drained soils. Foliage consists of very small, overlapping, scale-like leaves. Cones nearly globular.

Cupressus Arizonica (Arizona Cypress, Blue Italian Cypress). Ascending branches, compact habit; silvery-blue foliage; very beautiful type 3.00

On all varieties listed we have smaller and larger sizes at prices accordingly.

Cupressus Lawsoniana (Lawson Cypress), A handsome tree of graceful habit, delicate, feathery, bluish-green foliage. The original form is native to Southern Oregon and Northern California, the other sub-species or varieties have all originated under cultivation, each one having some special merit of its own.

Cupressus Lawsoniana, Bluish-green 1.00

Cupressus Lawsoniana Alumnii (Blue Cypress), Steel-blue foliage 5.00

Cupressus Lawsoniana Compacta Nana, Low-growing variety 2.50

Cupressus Lawsoniana Erecta Viridus

Cupressus Lawsoniana, Silvery Queen, Silvery-leaved Cypress 3.50

Cupressus Lawsoniana, Triumph of Boskoop, Blue foliage 5.00

Cupressus Lawsoniana, Westermanii, Large golden variety; weeping habit 4.00

Cupressus Macracarpa (Monterey Cypress), Can be trimmed for hedges for tall enclosure lines. The wood is pleasantly scented. Does well in all sections of the Pacific Coast 4.00

Cupressus Monumentalis (Monumental Cypress), Blue foliage 6.00

Cupressus Monumentalis (Monumental Cypress), Blue foliage 6.00

Cupressus Sempervirens Fastigiata (Italian Cypress), Tall, compact; used in formal gardens ..... $10.00 to 50.00

Juniperus (Juniper), Mainly small trees of rather slow growth. They have two kinds of foliage. One is needle-like, prickly, in whorls of three; the other scalelike, overlaping and arranged in four rows like those of Cypress, which they often closely resemble. Most species show both kinds of leaves on the same tree; others are limited to but one form. Fruit is a berry.

Juniperus Communis (Common or Swedish Juniper), Light glaucous foliage, perfectly hardy 2.50

Juniperus Communis Aurea Creeping, Creeping golden Juniper 1.50

Juniperus Hibernica (Irish Juniper), Erect and formal in habit; making a column, sometimes 15 to 20 feet high 1.50

Juniperus Pfitzeriana (Creeping Juniper) 1.50

Juniperus Sabina (Savine Juniper), A dwarf spreading shrub with partially trailing branches. Thrives in the poorest kinds of soil. Dark green foliage; suitable for lawns. Can be pruned into any shape 1.50

Juniperus Sinensis Albo Variegata (Chinese Silver Juniper), A pleasing blue, intermixed with white 1.50

Juniperus Sinensis Compacte (Blue Juniper), Beautiful steel-blue, makes a large, broad shrub 1.50

Juniperus Sinensis Procumbens, A low growing variety having foliage of grayish green; spreads wide and low over the ground; a dense grower and as a ground cover is very desirable 2.50

Juniperus Sinensis Procumbens Variegata, Variegated Chinese Creeping Juniper 1.50

Juniperus Virginalis (Virginia Juniper) 1.00

Juniperus Virginalis Aurea (Golden Virginia Juniper) 1.50

On all varieties listed we have smaller and larger sizes at prices accordingly.

Juniperus Virginiana (Eastern Red Cedar) Well-known tree of the Eastern states; has beautiful green foliage and a striking appearance 1.00

Pinus Austriaca (Austrian Pine), Hardy, robust and spreading, leaves long and dark green.... 3.50

Pinus Densiflora (Japanese Table Pine), A low-growing dwarf tree that forms a compact head; fine as a specimen plant..... 5.00
